## Students urged to drive smart by 'powerful performance'

NEW Haw students were given a 'hard-hitting' and 'emotional' lesson about road safety.

About 200 year 11 pupils at Fullbrook School watched a performance about road safety and being a passenger.

The Drive Smart Anti-Social Driving Initiative was run by Collingwood Learning in conjunction with Surrey Safer

Travel. The one-and-a-half-hour presentation concluded with a question and answer session. Sarah Taylor, student support administrator for year 11 pupils at the school, said: "It is a very powerful performance and quite emotional for a lot of the students.

"It is very hard hitting. Hopefully it will make them

think next time they are in a car."

According to Mrs Taylor students were told that between the age of 16 and 25 a car will be the most dangerous thing in their lives.

A representative from Surrey Fire and Rescue Service and the team from Surrey Safer Travel attended.
